

April 4, 2016

Attention Depot Operators and Staff,

**RE: ABCRC EDMONTON - COMPACTED ALUMINUM THEFT**

Please be aware that between Saturday night (April 2, 2016) and Sunday morning (April 3, 2016) a trailer was broken into at ABCRC Edmonton and baled Aluminum material was removed. A portion of this material has been found in a field near the ABCRC plant, but it is suspected that some material may have been lost.

Remain attentive to any customers returning unusually large volumes compacted Aluminum materials. This product may soon appear at your Depot, particularly if you are in Edmonton Area.

Should you have reason to believe that this product has arrived at your Depot, have the customer fill out the Container Validation Request (CVR) form (attached), do not pay for these containers, and contact the BCMB immediately at 1-888-424-7671.

Regards,

Brent Campbell  
Manager, Compliance  
BCMB
