Attention Depot Operators and Staff,

**RE: THEFT - TRAILER OF BALED MIXED PET IN BRITISH COLUMBIA**

The BCMB has been made aware of a trailer load of baled mixed PET that was scheduled for delivery to Calgary has been stolen from a Carrier yard in British Columbia. Given our proximity to British Columbia, there is a strong probability that this material may be headed toward Alberta.

As this product may soon appear at your Depot, please remain attentive to any customers returning large volumes of bale flattened PET.

Should you have reason to believe that this product has arrived at your Depot, have the customer fill out the Container Validation Request (CVR) form (attached), do not pay for these containers, and contact the BCMB immediately at 1-888-424-7671.

Regards,

Brent Campbell,  
Manager, Compliance  
BCMB
