

Thank you for submitting a Beverage Container Review Form

Prior to starting the beverage container review process, please review the Approved Materials List. This list will help you in identifying if your beverage container material is already approved, if a review is required or if the container or part of the container is not accepted. Please click [HERE](#) for a link to the Approved Materials List.

After reviewing the Approved Materials List, if you are unsure whether the container you wish to register is composed of material(s) that are acceptable for recycling purposes in the Alberta beverage container recycling system, a Beverage Container Review will be required by the Alberta Beverage Container Recycling Corporation (ABCRC). If the components of the beverage container you wish to register are included in the approved materials, please proceed in registering your beverage container.

Please note that products such as soup broth, jelly shots, etc. are not currently part of the Alberta Deposit System.

Prior to submitting a Beverage Container Review form, please ensure:

1. Your company is registered. Registration would depend on the type of company, as per below:
 - a. Non-Alcoholic Non-Cannabis – Please register with the BCMB and ABCRC, company registration information can be found [HERE](#).
 - b. Cannabis – Please register as a Licensed Producer with AGLC and then proceed to register your company with the BCMB. Licensed Producer information can be found [HERE](#) and registering company information with BCMB can be found [HERE](#).
 - c. Alcoholic – Please register your company with the AGLC, registration information can be found [HERE](#).
2. You have all information filled out on form below, images, and specification documents required as per the below form.

Beverage Container Review Process

The Beverage Container Review process is as follows:

1. Complete the below form in its entirety. If any of the information is missing, the review of the beverage container cannot take place.
2. Please e-mail the completed form to containervalidation@abcrc.com along with a specification sheet and images of the beverage container that note the brand, flavor, size, material, and UPC-if applicable. *The review cannot take place if the specification sheet and images are not provided.*
3. A sample of the container (including labeling, cap, etc.) may be required as part of the review (if required, the ABCRC will advise). If required, please send the container to the ABCRC at the following mailing address:

Alberta Beverage Container Recycling Corporation (ABCRC)
Attention: Container Validation
901 – 57 Avenue NE
Calgary, Alberta T2E 8X9

4. ABCRC will confirm when the Beverage Container Review Form, supporting documentation and sample of the container have been received (if required). You can then expect to hear any updates from them regarding the review.
5. Once the review has been completed in its entirety, ABCRC will provide a letter indicating if the beverage container is composed of material(s) that are acceptable for recycling purposes in the Alberta beverage container recycling system or whether the beverage container has components that are not recyclable and that is being recommended that the container not be approved. This letter will also be provided to the BCMB.

If you have any questions regarding the Beverage Container Review process, please contact the ABCRC at containervalidation@abcrc.com or 1 (403) 264 – 0170 ext. 245

Beverage Container Review Form

Please be advised that a Beverage Container Review cannot take place if:

- Any of the information in this form is incomplete;
- Images of container are not sent to ABCRC (front and back showing the brand, flavour, size, container material, and UPC (if applicable)); and
- An empty sample of the container, upon request, is not mailed to ABCRC.
