

BEVERAGE CONTAINER MANAGEMENT BOARD

Manufacturer FAQs on COVID-19

1. Is the BCMB office open and what precautions are being taken in regard to day-to-day operations?

BCMB employees are still working from home at this time. We are following all precautions advised by government and public health agencies to maintain the health of our team and partners. We will advise you when we start the transition back to working out of the office. We are striving to remain accessible and responsive to all inquiries. Any phone call inquiries go directly to voicemail and are being responded to within two business hours.

Our contact information and hours remain the same and can be found on the [BCMB website](#).

2. Is the BCMB continuing to accept beverage container registrations, and do I need to continue to register my beverage containers with the BCMB?

Yes. The registration process is operating as normal, and all manufacturers must continue to register their beverage containers with the BCMB.
