

BCMB NOTICE

Date: October 12, 2017

To: Depot Network

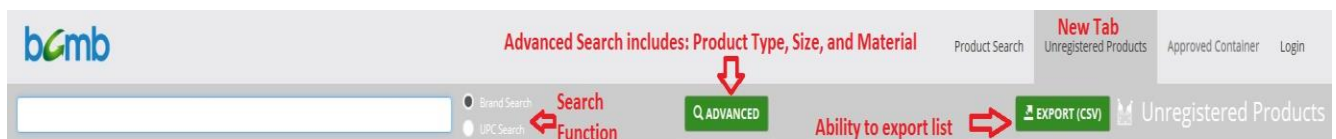

**RE: NEW BEVERAGE CONTAINER REGISTRATION DATABASE FEATURE:
UNREGISTERED PRODUCTS SEARCH TAB**

The BCMB would like to advise Alberta Depots of a brand new feature on the online beverage container registration database (BCMB Portal). Unregistered beverage container products identified by Alberta Depots through the Quality Monitoring Tool can now be viewed online in the new Unregistered Products tab at the top of the BCMB Portal. The Unregistered Products tab can be accessed using the following link - portal.bcmb.ab.ca/unregisteredproduct .

The following unregistered beverage container product information can be viewed in the BCMB Portal:

- Brand name
- Flavour
- Alcoholic or non-alcoholic
- Container material (ie. glass, plastic, aluminum)
- Container size
- UPC (if available)
- Image(s) of the container

The functionality for the Unregistered Products tab is similar to the Product Search tab, as there are Search options and Advanced Search options. The Unregistered Products tab is beside the registered Product Search tab. Alberta Depots do not require login information to view products on the registered Product Search tab or Unregistered Products tab. Please see the attached screenshot below of the BCMB Portal page which highlights the functionality of the Unregistered Products tab:

BCMB NOTICE

**RE: NEW BEVERAGE CONTAINER REGISTRATION DATABASE FEATURE:
UNREGISTERED PRODUCTS SEARCH TAB**

Moving forward, Quality Monitoring tickets submitted for unregistered beverage container products will be considered solved once the unregistered beverage container product information is added to the BCMB Portal. The BCMB will follow up with Manufacturers for any unregistered beverage container products identified to ensure all their beverage container products being sold in Alberta are registered. Once the product has been registered it will then appear in the registered Product Search tab. Unregistered beverage container products deemed not being sold in Alberta will be kept in the Unregistered Products tab as a reference. Some Quality Monitoring tickets may be kept open depending on the circumstances.

Alberta Depots will continue to receive one draw entry for any unregistered beverage container product submitted as well as one draw entry for images of each registered beverage container product (legible front and back) for tickets submitted through the Quality Monitoring Tool. Draw entries will be entered to win your Alberta Depot a pizza party. The Alberta Depot who is the winning depot for the month will be noted on the monthly depot notice. The BCMB will also be noting in the monthly depot notice any previously identified unregistered beverage container products that have been registered within the previous month.

Thank you to all Alberta Depots for working with the BCMB to help identify unregistered beverage container products.

If you have any questions, please direct them to Melissa Malin at 780-424-3193 x 221 or 1-888-424-7671 or by email mmalin@bcmb.ab.ca.
