RE: **Glass QC – Delayed Implementation**

As previously communicated on July 20, 2018, the new Quality Control (QC) process for the glass material streams was to be implemented November 1, 2018 following an Education Phase that was to run until October 31, 2018.

At the request of the ABDA, the industry partners have agreed to suspend this implementation date for 30 days to review the data collected during the Education Phase. During the month of November ABCRC will continue to conduct regular glass audits using the previous protocol.

If you have questions regarding this notice, please contact the BCMB at 1-888-424-7671. For your reference, all previous Depot notices can be found on the BCMB website at <https://www.bcmb.ab.ca/depot-owners-operators/depot-notices/>.
