RE: **American Containers Brought Into Calgary Depot**

Attention Depot Operators and Staff,

The Beverage Container Management Board (BCMB) received notification from a Calgary Depot that a **male customer (Caucasian, age 30-40)** came in with a **large quantity of American beverage containers**. The customer was informed that the American beverage containers could not be accepted at an Alberta depot and left the depot with the containers. He was driving a **white Dodge Ram 3500 pick-up truck**.

Please be aware that these containers could be brought into your Depot (especially if you are in Calgary or the surrounding area). If you suspect that these containers have arrived at your Depot, fill out the CVR form on the quality monitoring system and **do not pay for these containers**. Please quarantine the containers at your Depot – do not provide a refund to the customer and do not ship the containers to ABCRC unless advised by the BCMB. You may provide the customer with BCMB's contact information, should they have any questions.

If the customer is unwilling to provide any information and wishes to leave with the product, they may do so but please make note of the encounter and notify the BCMB.

For more information, please contact a BCMB Compliance Officer by calling/emailing:
