RE: Cannabis Beverage Containers

Attention Depot Operators and Staff,

This notice is to inform you that the Beverage Container Management Board (BCMB) has been registering cannabis beverage containers for sale in Alberta as of December 6, 2019. All registered cannabis beverage containers should be accepted for refund by Alberta Depots.

There are currently 43 cannabis beverage containers already registered (see the attached full list) and the following are three examples:

Example 1: Activate, 55mL PET, Nonrefillable, UPC 628250744859

The BCMB Registrations Portal - <https://portal.bcmb.ab.ca/Product>, can be used to determine whether a cannabis beverage container is registered for sale in Alberta. Please note that some of the cannabis beverage containers have multiple UPC barcodes on the container (see example 2 above). You may need to scan all barcodes to confirm whether a particular container is registered, and we also suggest searching by the container brand name, should the UPC search not provide a result.

If you are still unsure whether a container is registered, or you think it should be, please submit a Product Registrations ticket to the BCMB via the Quality Monitoring system (QMS) or via the QMS app.

Should you have any questions from the public in relation to cannabis beverage containers, you may direct them to the Registrations Portal to look up a specific container or for general inquiries, direct them to contact the BCMB at info@bcmb.ab.ca. The Registration Portal link is: <https://portal.bcmb.ab.ca/Product>.

If you have any questions, please direct them to Melissa Malin, Registrations Compliance Officer, at 1-888-424-7671 ext. 234 or by email mmalin@bcmb.ab.ca.
