RE: **PYUR Off Spec Material**

Attention depot operators and staff,

The BCMB was recently notified by North Hill Bottle Depot in Calgary this afternoon, that a customer attempted to return approximately **500-800 “PYUR Vodka Soda” aluminum cans. These cans appeared to have never been filled and some are notably unsealed. The customer was a Caucasian who was thin with short black hair and wearing a grey t-shirt and blue jeans.**

Please be aware that these or similar containers may be brought to your Depot in the near future (especially the Calgary area). If you suspect that off-spec containers or not deposit bearing containers have arrived at your depot, please submit a Container Validation Request (CVR) via the Quality Monitoring System (QMS) with pictures of the material. Please quarantine the containers and do not provide a refund or ship the containers to ABCRC until advised by the BCMB. Also please be sure to provide the customer with the BCMB phone number so they know who to contact regarding the containers.

If the customer wishes to leave with the product, they may do so but please make note of the encounter and notify the BCMB via QMS.

If you have any questions, please direct them to a BCMB Compliance Officer by calling/emailing:
