RE: **Potential Out-Of-Province Material**

Attention Depot Operators and Staff,

This notice is to inform you that Bea Fisher Enterprises Inc Bottle Depot has once again encountered two customers attempting to return approximately **2000 crushed aluminum (0-1 L) containers**. The customers are described as being an older man dressed in all black with a younger male. They arrived in a white truck with an Alberta license plate, then promptly left and came back in a **large black GMC truck with Manitoba License plate KJX-566**. The customers refused to supply any contact information and took the containers with them.

Please be aware that these containers may be brought into your Depot, especially if you are in or around the Lloydminster area. If you suspect that these containers have arrived at your Depot, please submit a Container Validation Request (CVR) via the Quality Monitoring System (QMS) and quarantine the containers at your Depot. Do not provide a refund to the customer and do not ship the containers to ABCRC until advised by the BCMB. Please be sure to provide the customer with the BCMB phone number so they know who to contact regarding these containers.

Should the customer refuse to complete a CVR or leave with the material, please ensure that you still notify the BCMB. Provide as much detail as you can and include security images if possible. The CVR process can be found here:
