RE: **Large Load of Unsold Orange Juice Containers**

Attention depot operators and staff,

The Beverage Container Management Board (“BCMB”) has been informed that a customer inquired about returning **two semi-truck loads of expired Tropicana orange juice** containers to Winterburn Bottle Depot on July 6, 2022. The containers had expired in transit, then been emptied and the carrier was now trying to dispose of them for the manufacturer. The customer has been advised by the BCMB that these containers are not eligible for a refund as they had not been sold to a customer. The owner of these containers was directed to alternate recycling methods due to the large quantity, however they may attempt to return these containers in another depot.

This notice is to make depots aware that this customer may attempt to return these containers to your depot, particularly in the Edmonton area. Please do not provide a refund for these containers. Should you have any questions, please contact a Compliance Officer at compliance@bcmb.ab.ca.

If you have any questions, please direct them to info@bcmb.ab.ca.
