

BEVERAGE CONTAINER MANAGEMENT BOARD

April 16, 2020

Blaire Charlton-Gaalaas Appointed BCMB President

On behalf of the Board of Directors, I am pleased to announce the appointment of Blaire Charlton-Gaalaas as President of the Beverage Container Management Board. Blaire's appointment was effective April 1, 2020.

Blaire joined the BCMB in April of 2011 and has held various roles in the organization with increasing levels of responsibility including: Executive Assistant, Manager of Administration, Director of Programs, Director of Policy and Hearings, and most recently Vice President.

Blaire has consistently delivered exceptional results in each of her roles at the BCMB. She brings her extensive knowledge of the beverage container recycling industry to her new position, along with her skills and knowledge from previous experience in evaluation and research for government and the non-profit sector, and in the creation and management of the non-profit Edmonton Community Legal Centre. Blaire's experience in administration, collaborative approach, leadership qualities, and her values and ethics have earned her the respect of her peers across the industry.

Blaire is currently pursuing her Master of Business Administration from Athabasca University and has previously served on numerous volunteer boards within her community.

The Board of Directors is confident that with Blaire's leadership, the BCMB is well positioned for success as we deliver our mandate to regulate and enhance a leading beverage container system that protects Alberta's environment.

Andrew Stephens
Board Chair
