RE: **BCMB Registrations Portal Login Credentials**

As an increased security measure, all login credentials for the BCMB Registrations Portal have been reset. You will be prompted to update your password upon your next login. Following this initial password reset, passwords will expire every 6 months at which time you will be prompted to change your password.

The BCMB requires that your password be more than 8 characters in length and contain at least one number and at least one special character (!@#\$\$%?&*). The BCMB reminds users that they should avoid using the same login credentials across multiple websites as this greatly increases the vulnerability of your data being compromised.

There are several free online resources available to help with the creation and storage of strong passwords, we would encourage the use of these where possible.

Should you have any questions regarding this information, please contact Brent Campbell, Director of Operational Strategy & Projects at bcampbell@bcmb.ab.ca.
